National Disclosure Authority Selected as 'New Exciting Service Provider' at California Association of Realtors Convention

Monday October 8, 1:12 pm ET

Company to participate in press conference debuting 'green' hazard disclosure reporting and new standard for accuracy

SANTA MONICA, Calif., Oct. 8 -- National Disclosure Authority (NDA), an independent hazard disclosure company, founded by the most experienced disclosure experts in the industry, announced today that it has been selected to speak and present as a 'New Exciting Service Provider' at a press conference during this year's California Association of Realtors (CAR) expo in Anaheim, CA. The press conference, which will take place on October 10th at 10:00 AM, will feature 12 new businesses or service providers, which have been exclusively chosen to present their outstanding new offerings.

The CAR Expo is the state of California's largest real estate trade show. This year's Expo is expected to draw thousands of California's key franchise executives and top producers for educational, networking and professional development opportunities. In addition, industry vendors and service providers, such as National Disclosure Authority, will showcase their latest products and information in the exhibit hall.

"We are thrilled to be participating in the CAR Expo this year and we anticipate that the show will be a great success," said Sergio Siderman, President of National Disclosure Authority. "We look forward to presenting the real estate industry with our exceptional product, the most accurate and environmentally friendly hazard disclosure reports available," he continued.

In addition to presenting at the CAR press conference and displaying the accurate data and supporting materials for their hazard disclosure reports, NDA will use their booth space at the Expo to promote their "green" environmental initiatives and to promote their paperless reports. The company prides itself on its passionate commitment to environmental responsibility, and the NDA "Green Team" practices green conservation in every aspect of its activities, including planting a tree for every paperless report that they receive. NDA represents a "new generation" of disclosure reports, using state-of-the-art computer technology to achieve the most thorough and precise disclosure reports available in the residential and commercial real estate industries.

About National Disclosure Authority (NDA)

National Disclosure Authority (NDA), formed by the most highly experienced professionals in the disclosure business, uses state-of-the-art technology to provide the most thorough and precise hazard disclosure reports available in the industry. Based in Santa Monica, Calif., NDA is the only independent disclosure company in the nation completely dedicated to the preservation and improvement of the environment. Among other "green" activities, the company plants a sapling for every paperless report it generates.
